TERRITORIAL ACKNOWLEDGEMENT

South Peace Community Resources Society acknowledges that we are privileged to live and work on the traditional lands of the Treaty 8 peoples, including the ancestral homes of the Sikanni, Slavey, Dunne-za (Beaver), Cree, Saulteau, Dene, and Métis Peoples.

We respect the traditional territories where we live and work, and honour the diverse Indigenous Peoples who have cared for this land throughout history and continue to do so today. We are committed to upholding the respectful relationships these Nations have built with the land and carrying that responsibility forward.

WHO ARE WE?

51 YEARS OF CARING IN THE COMMUNITY

South Peace Community Resources Society (SPCRS) has proudly served residents of the Peace Liard Region for over 51 years. Established in 1974, our agency began by offering a small number of services for children and youth in Dawson Creek. Thanks to the hard work and dedication of our staff and community stakeholders, SPCRS now operates 30 programs in communities throughout the region.

Our employees bring compassion and commitment to their work, helping improve the lives of families, children and youth, adults with diverse abilities, victims of crime, seniors, and individuals of all ages who are facing life's challenges. As we have grown and evolved alongside our community, we remain deeply committed to building healthy and happy communities by connecting people with the resources they need.
